TELEPHONE CONFERENCE RECORD

Hon. Commissioner For Patents
P.O. Box 1450, Alexandria, VA 22313-1450

Sir:

The Applicant's representative, Mr. Vincent Turner, telephoned SPE Richard Hjerpe on May 6, 2004 regarding amendments to the drawings. Mr. Turner told Mr. Hjerpe that the applicant would like to file as drawings copies of the computer program listings that were in the specification as originally filed. Mr. Turner pointed out that, because there are various copending applications involved, it would be efficient for Mr. Hjerpe to evaluate the amendments in advance of filing as guidance for the examiners. SPE Hjerpe suggested that Mr. Turner submit the amendment in a single application and that he would provide an evaluation for the applicant and for the examiners.

SPE Richard Hjerpe spoke to Mr. Turner on May 24, 2004 regarding the status of the proposed drawing amendments dated May 14, 2004. Mr. Hjerpe told Mr. Turner that he had approved, with input from the Examiner, the entry of the amendments for the one application for which the drawing amendments had been filed and for the other copending related applications having the same disclosure. Mr. Hjerpe told Mr. Turner that Mr. Turner could generate a Telephone Conference Record to the effect that these

amendments were also approved for entry into the related copending applications having the same disclosure so that the examiners in these related copending applications would favorably consider entry thereof. Mr. Hjerpe indicated that the Telephone Conference Record would serve to insure uniform treatment of the amendments in the copending applications.

Dated: June 9, 2004

Respectfully submitted,

Vincent Turner
